

Amanda Neill has extensive design training and experience in residential interiors. She has tutored part time in at the Auckland School of Interior Design, and has for many years, been involved with Colour Forecasting for the New Zealand market.

Amanda Neill Designworx designed and launched the Evoque Indoor / Outdoor dining table at the 2007 Ellerslie Flower Show. The stand won a gold and silver. The Evoque table has been featured in several magazines since its launch.

Her Seminars at the Homeshows are well attended and packed full of information to assist in helping people who want to design better living environments.

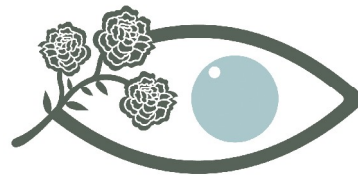

Designworx also provides an integrated end to end process for all interior design requirements, providing a professional design service to both commercial and residential clients.

Interior Design Colour Workshop

With
Amanda Neill, Dip ID.

Designworx Interior Design Workshop Colour

Colour: 9 am—12 pm

So how do we choose the right colour, or shade or tone of colour in our homes or work places?

How Does Colour Affects Us?

- The ancient language of colour dominates our lives. Colour surrounds us, feeds us and nourishes our senses. Our minds, bodies and spirits are profoundly affected by it.
- Learn about the influence colour has on our moods and physical wellbeing.

Your Personal Connection with Colour

- We all have a spectrum of colours that we react positively or negatively toward. Understand what this is for you.
- a hands on practical session to discover the colour palette that works for you personally.

Lunch: 12—1pm

(There are several great cafes close by for lunch)

Elements of Colour

- A practical guide to colour
- You will learn about the elements of design that make a colour scheme work.
- Understand the impact of different colour combinations
- Learn trends and tips to create the wow factor in your home and work places using colour.

Colour Scheming.....

- Create your own personalised colour scheme for your home or project.
- Put together a sample board for your project (all materials supplied)
- Order drawdown swatches for your scheme
